

BEYOND TOMORROW DEVELOPMENT (BTD) GROUP

About BTD Group

Beyond Tomorrow Development (BTD) Group is a not-for-profit organization, founded in 2024 by a team of patriotic Ugandans united by a simple but powerful belief: national development can advance faster and more sustainably when all citizens rally behind and actively contribute to the development agenda.

We are driven by the conviction that achieving the Uganda's Vision 2040 and its attendant National Development Plans (NDPs), the 10-Fold Growth Strategy, East African Community Vision 2050, Africa's Agenda 2063, and the Sustainable Development Goals (SDGs) requires active participation and contribution of every Ugandan — not just institutions, political leaders or policymakers.

We are nonsectarian and nonpartisan, embracing collaboration across all political, religious, and social lines because Uganda belongs to all of us.
